

König Brush Pen Clear Lacquer

268 000

Intended Use

- For spot lacquering on wood and plastic surfaces, metal and stone.
- For the complete lacquering of small parts like e.g. furniture handles.
- For indoor and outdoor use.

Characteristics

- Acrylic-based product.
- Dries rapidly.
- Transparent lacquer.
- Overcoatable with all König touch-up and aerosol lacquers.
- Gloss levels: deep matt 3-4, matt 10-13, silk matt 19-21, silk gloss 35-40, gloss 55-65.
- Good adhesion to many lacquer, plastic and metal surfaces (not to Soft-PVC).
- Good lightfastness and weather-resistance (adequate coat thickness required!).
- Limited PVC-resistance (window/door gaskets).
- Dried up lacquer on the mixing palette is dissolvable and can be mixed well with Brush Pen Covering Lacquer.

Application Notes

Shake pen well before use – approx. 20 seconds. Rattle of agitator balls must be heard. Take off cap. Hold pen with the tip pointing upwards and de-aerate pen by squeezing area marked 'P' (audible pressure compensation). Now, hold pen with tip pointing downwards over a small wooden board, chip, tissue or cotton cloth and gently squeeze area marked 'P' until lacquer drips onto the base. Stir lacquer drop on the base with the brush tip to achieve an optimum spreading of the liquid medium in the brush tip. Do not touch up too wet – especially when applying fine lines. When brush tip has dried up, either re-pump lacquer or dampen brush tip with Cellulose Thinner. Replace cap after use. Surfaces to be treated must be free of dust, grease and silicone.

After use, clean brush tip while striking off excess material and replace cap firmly.

Recommendation: If pen is not used for a long period of time, clean brush tip with Cellulose Thinner.

Physical Properties and Shelf Life

Dust-dry:	after approx. 1-2 minutes
Touch-proof:	after approx. 2-5 minutes (dependent on room temperature and coat thickness)
Lightfastness:	good
Weather resistance:	good
Shelf life:	minimum 2 years (stored at room temperature, in unopened original container)

Safety Precautions

Please refer to label and material safety data sheet.

Disposal

- Do not allow product to enter drains or watercourses.
- Non-contaminated packaging may be recycled.
- Leftover material to be disposed of according to the European Waste Code 080111 – *waste paint and varnish containing organic solvents or other dangerous substances*.
- For more detailed information, please refer to the Material Safety Data Sheet for this product or ask your local waste industry office.

Packaging

On request.
