

Intended Use

- For the spot lacquering on wood and plastic surfaces, stone, metal and tiles.
- To be applied as spot barrier coat to damaged areas filled with wax which are to be subsequently waxed or oiled.
- To varnish small parts, like e.g. furniture handles.
- For indoor and outdoor use.

Characteristics

- A water-based one component acrylic lacquer.
- Dries rapidly.
- A transparent lacquer.
- Overcoatable with all König touch-up and aerosol lacquers.
- Sheen level adjustment possible after curing with the Sanding and Polishing Cloth.
- Lightfast.
- Limited PVC-resistance (window and door gaskets).
- Sheen level: matt and gloss.

Application Notes

Surface must be clean and free of grease. Test product on an inconspicuous area first to ensure compatibility with the surface.

Prior to use, shake pen vigorously for approx. 20 secs. Rattle of agitator balls must be heard. Remove cap. Hold pen with the tip pointing upwards and de-aerate pen by squeezing area marked 'P' (audible pressure compensation). Now hold pen with tip pointing downwards (cotton cloth) and gently squeeze area marked 'P' until tip is sufficiently saturated. Do not apply the lacquer too heavy. Replace cap after use.

The degree of gloss can be adjusted with the Sanding and Polishing Cloth once the lacquer has cured. The white side of the cloth dulls the finish, whereas the green side polishes slightly. Clean tip in water, if pen is not used for a long period of time.

Please observe the instructions for use enclosed with each package.

Physical Properties and Shelf Life

- Dust-dry:** after approx. 1-2 minutes
Touch-proof: after approx. 10-15 minutes (dependent on room temperature and coat thickness)
Lightfastness: good
Adhesion: good
Shelf life: minimum 1 year (stored at room temperature, in unopened original container)

Safety Precautions

- The mixture is classified as not hazardous according to regulation (EC) No 1272/2008 [CLP].

Disposal

- Dispose of pens with the normal household waste only, when completely empty or dried out.
- Leftover material to be disposed of according to the European Waste Code 080112 – *waste paint and varnish other than those mentioned in 080111*.
- For more detailed information, please refer to the Material Safety Data Sheet for this product or ask your local waste industry office.

Packaging

On request.
